

GenWare

Back of House

Vol. 3

Product Collection

GenWare

The Genware Back of House range offers a comprehensive solution for the busy and challenging foodservice environment. Ranges are designed to withstand the professional kitchen environment, their durable quality and affordable pricing makes the ranges excellent value.

GenWare Professional Clothing & Footwear

The GenWare back of house clothing and footwear range offers great value and performance through clothing and footwear that is durable and comfortable.

Chef clothing such as jackets, trousers and aprons are made from polycotton blends for ease of laundering and wear resistance. They incorporate many useful features which improve wearability and longevity.

Elsewhere, our Denim Aprons are ideal for front of house staff and are suitable across a range of modern venues including coffee shops and contemporary cocktail bars.

*Durable, practical clothing
combining great design features
with high quality material*

Trays

GenWare trays offer a comprehensive range of styles to suit all establishments, uses and budgets.

Fast food trays, made from polypropylene offer a bright, value option with a skid resistant surface.

Wood laminate trays give a great blend of rigidity and lightness. Grip trays come in either an economy polypropylene version, with excellent non-slip surface for secure glass and plate transportation, even when wet, or the stronger fibreglass grip trays, which have the added advantage of being dishwasher safe.

Luna Black Trays reflect a modern, stylish design whilst maintaining properties typical of traditional foodservice trays and are perfect for use across a variety of establishments. Acacia wood Butler Trays will add sophistication to your serveware, combining functionality with style.

Versatile ranges of trays for safe, practical and efficient food and drink service

Chef Knives

The GenWare professional chef knife collection consists of a wide choice of knives and accessories available through both GenWare and the German Knife manufacturer, Giesser.

GenWare black-handled and colour coded range of professional chef knives offer a full tang blade, with razor sharp molybdenum steel blade, which conforms to BS8442-5, giving initial sharpness and cutting edge retention. Larger knives have softgrip handles which give comfortable and positive handling.

Knife sets offer a pre-selected range of knives, ideal for chef colleges, students and professional chefs. Knife cases are designed to carry knives and knife sets safely, offering protection from damage and injury.

Giesser knives, designed and manufactured in Germany, provide an industry leading combination of initial sharpness, cutting edge retention and value for money.

A comprehensive range of professional chef knives for all needs and budgets

GenWare black-handled and colour coded range of professional chef knives offer a full tang blade, with razor sharp molybdenum steel blade, which conforms to BS8442-5, giving initial sharpness and cutting edge retention.

370 Chef Knives - Giesser

Giesser Knives, manufactured in southern Germany, are developed to the highest standards and utilise the very best materials. They are constructed through the combined use of modern industrial automation alongside traditional hand craft skill. Giesser Knives are well known in Germany for their strength, retention of sharpness and reliability.

Professional Chef

An excellent knife featuring an ergonomic rubber thermoplastic handle ideal for professionals and students alike.

- Quality steel vacuum heated for optimum strength and machine and hand sharpened for premium performance
- Handle offers excellent slip resistance
- Razor sharp blade with great longevity for retaining sharp cutting edge
- Protective hand guard prevents the hand from slipping when holding the knife

The ultimate premium quality forged knife for the modern chef.

- The blade is forged from a single piece of steel with a particularly high carbon content to ensure exceptionally long durability of the cutting edge and extraordinary sharpness
- Stainless steel rivets to keep handle attached perfectly for the life of the knife and to protect against rust and shrinking
- Smooth finish with exceptional sharpness achieved through the hand of a master craftsman
- Ergonomically designed handle with soft edges to enable perfect grip and precise guidance

- Perfect for washing, storage and protection of your glassware
- Each rack size has a different colour extender for easy identification
- The top extender is a closed compartmentalised extender and additional extenders are open in order to maximise cleaning efficiency in the dishwasher. If you require a different extender layout please ask when ordering
- Compartment racks with extenders are made to order and are non-returnable
- Glass racks (without extenders) are 500 x 500 x 100mm (L x W x H)

Our sizing guide can be found at www.nevilleuk.com/contentpage/productcare under the Glassware heading. Alternatively, speak to your GenWare supplier as these are non-returnable once ordered

Storage & Gastronorm

GenWare offers a comprehensive range of Gastronorm pans, in stainless steel, polycarbonate and polypropylene. The stainless steel range conforms to EN631 European standard, with a hard wearing electropolish finish.

The range also comes in a complete and extensive choice of size and depth, with the relevant size and depth etched on each piece for easy identification. Also within this range are sealing lids for transportation.

Polycarbonate ranges are ideal for salad bar presentation, and come in extensive depths and sizes. Polypropylene gastronorm containers offer excellent performance and value, and are particularly suitable for food storage use.

*The complete and comprehensive range
of Gastronorm pans*

Racking & Trolleys

Sturdy chrome plated racking provides a flexible solution to racking in kitchens, dry stores and many other environments.

Racking comes in a range of widths, which enable you to maximise storage space, and is simple enough for one person assembly.

Excellent stainless steel trolleys are available in two or three tier versions, and come either flat packed for economy and ease of assembly or fully welded and pre-assembled for simplicity.

*Easy flexible storage and secure,
durable trolleys*

Genware products are manufactured to provide the robustness and durability required for maximum performance in the hospitality and foodservice industry.

We want you to be confident in your purchase and gain the maximum life and value from your Genware products, so we have compiled the following guidelines to assist you. However, should you have any further questions, please contact your Genware distributor directly.

We recommend for all of our products that are intended to come into contact with foodstuffs to remove any labels or packaging and to wash, rinse and dry before first use.

Black Iron Cookware

Black iron cookware is suitable for use on all heat sources.

Black iron products are supplied with a coating of protective lacquer that should be removed by washing in hot soapy water prior to use.

The products should then be seasoned before use; this is best done by gently heating about 1cm of oil in the base of the pan. After heating the oil, allow it to cool before disposing of the oil, wipe the pan with kitchen paper. This seasoning starts the beginning of a naturally forming 'patina' on the surface.

The patina will develop with regular use and the surface of the pan develops a natural non-stick layer.

After cooking with black iron, the pan should only be carefully wiped out with kitchen paper.

Always store the pan in a dry place to avoid the pan rusting. If light rust spots do occur, they can be carefully removed with a scourer. The seasoning process should then be repeated before further use.

Black iron products are not dishwasher safe.
